Dear Teachers and Parents,

To set up this activity, first decide which area will be the destination and place Pete the Cat and his “cat food” snacks near the entrance of the room where they will easily be found. Next, place the “Letter from Pete” in the back of the book along with the destination clue card for students to read when they finish the book. Have the students read the letter first, and then the clue card to start the search. Now encourage students to use their O&M skills to navigate their way around campus allowing them to search as independently as possible! Give verbal hints as to where Pete might be hiding, if needed. Once Pete is “found”, sit down and have a snack. Searching for Pete is hard work!

Remember to make it fun by being enthusiastic and using lots of descriptions to describe the route and each destination. Listen for sounds, tactile clues, and even different smells as you reach the lunch room. This is a great activity that can be repeated throughout the school year! HAPPY SEARCHING!
