The Right Way to Make Slime

Take the slime recipe with unnumbered steps (in print or braille), and cut each step of the instructions into a separate strip of paper. Mix up the strips randomly and have a friend or classmate arrange them in what they think is the correct order. Then, make the recipe following their steps exactly. Were you successful? Want to try again? If you want to know the correct order, take a look at the version of the recipe with numbered steps.

Slime Recipe (non-toxic — and even edible!)

Ingredients
1-1/2 cups flour
1 cup cornstarch
1-1/2 cups water
Food coloring, optional

Instructions
1. In a saucepan, mix together 1 cup cornstarch and 3/4 cup of water.

2. Add food coloring.

3. Heat the mixture over low heat until it is warm.

4. Stir in the flour, a little at a time, until all of it has been added.

5. Stir in 3/4 cup of water.

6. Remove the mixture from the heat.

7. Let mixture cool.
